A New Activity for Visitors to Skopelos Island

What We Do

We provide free access to the only tennis court on Skopelos Island for visitors, hotel guests, and local residents. Our goal is to promote healthy outdoor activities and create a new sports experience for everyone visiting the island.

The tennis court is located in a beautiful natural area and offers a unique opportunity to enjoy sport surrounded by the stunning scenery and relaxing atmosphere of Skopelos. It is suitable for families, couples, friends, beginners, and experienced players alike.

To make everything simple and accessible, we have created a free online booking system where visitors can easily reserve a playing time during their stay on the island. Please ask your hotel reception or host to help you reserve a court time at:
